**MANAGEMENT REPORT**

The Financial Statements contained in this Statement of Financial Information under the *Financial Information Act* have been prepared by management in accordance with Canadian generally accepted accounting principles and the integrity and objectivity of these statements are management's responsibility.

Management is also responsible for all other schedules of financial information and for ensuring this information is consistent, where appropriate, with the information contained in the financial statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Board of Education is responsible for ensuring that management fulfils its responsibilities for financial reporting and internal control and for approving the financial information included in the Statement of Financial Information.

The external auditors, KPMG LLP, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements as required by the *School Act*. Their examination does not relate to the other schedules of financial information required by the *Financial Information Act*. Their examination includes a review and evaluation of the board's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly.

## MANAGEMENT REPORT

Version: 1787-1041-8058

### Management's Responsibility for the Financial Statements.

The accompanying financial statements of School District No. 52 (Prince Rupert) have been prepared by management in accordance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of British Columbia, supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

The preparation of financial statements necessarily involves the use of estimates based on management's judgment particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and reliable financial information is produced.

The Board of Education of School District No. 52 (Prince Rupert) (called the "Board") is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Board. The Board reviews internal financial statements on a monthly basis and externally audited financial statements yearly.

The external auditors, KPMG, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. The external auditors have full and free access to financial management of School District No. 52 (Prince Rupert) and meet when required. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the School District's financial statements.

## INDEPENDENT AUDITOR'S REPORT

To the Board of Education of School District No. 52 (Prince Rupert), and  
To the Minister of Education and Child Care, Province of British Columbia

### Opinion

We have audited the financial statements of School District No. 52 (Prince Rupert) (the Entity), which comprise:

- the statement of financial position as at June 30, 2025
- the statement of operations for the year then ended
- the statement of changes in net debt for the year then ended
- the statement of cash flows for the year then ended
- and notes to the financial statements, including a summary of significant accounting policies (Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements as at and for the year ended June 30, 2025 of the Entity are prepared, in all material respects, in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia.

### Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "**Auditor's Responsibilities for the Audit of the Financial Statements**" section of our auditor's report.

We are independent of the Entity in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Emphasis of Matter – Financial Reporting Framework

We draw attention to note 2(a) to the financial statements which describes the applicable financial reporting framework and the significant differences between the financial reporting framework and Canadian public sector accounting standards.

Our opinion is not modified in respect of this matter.

**Other Information**

Management is responsible for the other information. Other information comprises:

- Information included in Unaudited Schedules 1-4 attached to the audited financial statements

Our opinion on the financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We obtained the Information included in the Unaudited Schedules 1-4 attached to the audited financial statements as at the date of this auditor's report. If, based on the work we have performed on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact in the auditor's report. We have nothing to report in this regard.

**Responsibilities of Management and Those Charged with Governance for the Financial Statements**

Management is responsible for the preparation of the financial statements in accordance with the financial reporting provisions of Section 23.1 of the Budget and Transparency and Accountability Act of the Province of British Columbia and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

A handwritten signature in black ink that reads 'KPMG LLP'. The signature is written in a cursive, stylized font. Below the signature is a long, horizontal, slightly wavy line that extends to the right.

**SCHOOL DISTRICT NO. 52 (PRINCE RUPERT)**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED JUNE 30, 2025**

---

**NOTE 1      AUTHORITY AND PURPOSE**

School District No. 52 (Prince Rupert) (the "School District"), established on April 1, 1946, operates under the authority of the *School Act* of British Columbia as a corporation under the name of "The Board of Education of School District No. 52 (Prince Rupert)," and operates as "School District No. 52 (Prince Rupert)." A board of education (the "Board") elected for a four-year term governs the School District. The School District provides educational programs to students enrolled in schools in the district and is principally funded by the Province of British Columbia through the Ministry of Education and Child Care. School District No. 52 (Prince Rupert) is exempt from federal and provincial corporate income taxes.

**NOTE 2      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

a) Basis of Accounting

These financial statements have been prepared in accordance with Section 23.1 of the *Budget Transparency and Accountability Act of British Columbia*. This Section requires that the financial statements be prepared in accordance with Canadian public sector accounting standards except in regard to the accounting for government transfers as set out in Notes 2(e) and 2(l).

In November 2011, Treasury Board provided a directive through Restricted Contributions Regulation 198/2011 providing direction for the reporting of restricted contributions whether they are received or receivable by the School District before or after this regulation was in effect.

As described in Notes 2(e) and 2(l), Section 23.1 of the *Budget Transparency and Accountability Act* and its related regulations require the School District to recognize government transfers for the acquisition of capital assets into revenue on the same basis as the related amortization expense.

As these transfers do not contain stipulations that create a liability, Canadian public sector accounting standards would require that:

- government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transferor and the eligibility criteria have been met in accordance with public sector accounting standard PS3410; and
- externally restricted contributions be recognized as revenue in the period in which the resources are used for the purpose or purposes specified in accordance with public sector accounting standard PS3100.

**SCHOOL DISTRICT NO. 52 (PRINCE RUPERT)**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED JUNE 30, 2025**

---

a) Basis of Accounting (*Continued*)

The impact of this difference on the financial statements of the School District is as follows:

Year-ended June 30, 2024 – increase in annual surplus by \$2,804,900

June 30, 2024 – increase in accumulated surplus and decrease in deferred contributions to \$28,691,313

Year-ended June 30, 2025 – increase in annual surplus by \$10,187,301

June 30, 2025 – increase in accumulated surplus and decrease in deferred contributions to \$38,878,614

b) Cash and Cash Equivalents

Cash and cash equivalents include cash and highly liquid securities that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. These cash equivalents generally have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term cash commitments rather than for investing.

c) Accounts Receivable

Accounts receivable are measured at amortized cost and shown net of allowance for doubtful accounts.

d) Unearned Revenue

Unearned revenue includes tuition fees received for courses to be delivered in future periods and receipt of proceeds for services to be delivered in a future period. Revenue will be recognized in that future period when the courses or services are provided.

e) Deferred Revenue and Deferred Capital Revenue

Deferred revenue includes contributions received with stipulations that meet the description of restricted contributions in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. When restrictions are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability as detailed in Note 2(l).

**SCHOOL DISTRICT NO. 52 (PRINCE RUPERT)**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED JUNE 30, 2025**

---

e) Deferred Revenue and Deferred Capital Revenue (*Continued*)

Funding received for the acquisition of depreciable tangible capital assets is recorded as deferred capital revenue and amortized over the life of the asset acquired as revenue in the statement of operations. This accounting treatment is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that creates a liability in which case the transfer is recognized as revenue over the period that the liability is extinguished. See note 2 (a) for the impact of this policy on these financial statements.

f) Employee Future Benefits

The School District provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements. The School District accrues its obligations and related costs including both vested and non-vested benefits under employee future benefit plans. Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. The benefits cost is actuarially determined using the projected unit credit method pro-rated on service and using management's best estimate of expected salary escalation, termination rates, retirement rates and mortality. The discount rate used to measure obligations is based on the cost of borrowing. The cumulative unrecognized actuarial gains and losses are amortized over the expected average remaining service lifetime of active employees covered under the plan.

The most recent valuation of the obligation was performed at March 31, 2025 and projected to March 31, 2028. The next valuation will be performed at March 31, 2028 for use at June 30, 2028. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods subsequent to July 1, 2004.

The School district and its employees make contributions to the Teachers' Pension Plan and Municipal Pension Plan. The plans are multi-employer plans where assets and obligations are not separated. The costs are expensed as incurred.

g) Asset Retirement Obligation

A liability is recognized when, as at the financial reporting date:

- (a) there is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- (b) the past transaction or event giving rise to the liability has occurred;
- (c) it is expected that future economic benefits will be given up; and
- (d) a reasonable estimate of the amount can be made.

**SCHOOL DISTRICT NO. 52 (PRINCE RUPERT)**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED JUNE 30, 2025**

---

g) Asset Retirement Obligation (*Continued*)

The liability for the removal of asbestos and other hazardous material in several of the buildings owned by the School District has been initially recognized using the modified retroactive method. The liability has been measured at current cost as the timing and amounts of future cash flows cannot be estimated. The resulting costs have been capitalized into the carrying amount of tangible capital assets and are being amortized on the same basis as the related tangible capital asset (see note 2 h)). Assumptions used in the calculations are reviewed annually.

h) Tangible Capital Assets

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost also includes overhead directly attributable to the acquisition or construction of the asset.
- Donated tangible capital assets are recorded at their fair market value on the date of donation, except in circumstances where fair value cannot be reasonably determined, in which case the assets are then recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.
- Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.
- Tangible capital assets are written down to residual value when conditions indicate they no longer contribute to the ability of the School District to provide services or when the value of future economic benefits associated with the sites and buildings are less than their net book value. The write-downs are accounted for as expenses in the statement of operations.
- Buildings that are demolished or destroyed are written-off.
- Works of art, historic assets and other intangible assets are not recorded as assets in these financial statements.
- The cost, less residual value, of tangible capital assets (excluding sites), is amortized on a straight-line basis over the estimated useful life of the asset. It is management's responsibility to determine the appropriate useful lives for tangible capital assets. These useful lives are reviewed on a regular basis or if significant events initiate the need to revise. Estimated useful life is as follows:

Buildings	40 years
Furniture & Equipment	10 years
Vehicles	10 years
Computer Software	5 years
Computer Hardware	5 years

**SCHOOL DISTRICT NO. 52 (PRINCE RUPERT)**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED JUNE 30, 2025**

---

i) Operating Leases

All current leases meet the definition for operating leases and the related payments are charged to expenses as incurred.

j) Prepaid Expenses

Prepaid expenses such as fees and dues are recorded as a prepaid expense, stated at acquisition cost and are charged to expense over the periods expected to benefit from them.

k) Funds and Reserves

Certain amounts, as approved by the Board are set aside in accumulated surplus for future operating and capital purposes. Transfers to and from funds and reserves are an adjustment to the respective fund when approved.

l) Revenue Recognition

Revenues are recorded on an accrual basis in the period in which the transactions or events occurred that gave rise to the revenues, the amounts are considered to be collectible and can be reasonably estimated.

Contributions received, or receivable where eligibility criteria have been met, are recognized as revenue except where the contribution meets the criteria for deferral as described below. Eligibility criteria are the criteria that the School District has to meet in order to receive the contributions, including authorization by the transferring government or organization.

For contributions subject to a legislative or contractual stipulation or restriction as to their use, revenue is recognized as follows:

- Non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year the related expenses are incurred,
- Contributions restricted for site acquisitions are recorded as revenue when the sites are purchased, and
- Contributions restricted for tangible capital assets acquisitions or construction, other than sites, are recorded as deferred capital revenue and amortized over the useful life of the related assets.

Donated sites are recorded as revenue at fair market value when received or receivable. Donated tangible capital assets other than sites are recorded at fair market value and amortized over the useful life of the assets.

**SCHOOL DISTRICT NO. 52 (PRINCE RUPERT)**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED JUNE 30, 2025**

---

l) Revenue Recognition (*Continued*)

The accounting treatment for restricted contributions is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that meets the criteria for liability recognition in which case the transfer is recognized as revenue over the period that the liability is extinguished. See note 2(a) for the impact of this policy on these financial statements.

Revenue from transactions with performance obligations is recognized when (or as) the performance obligation is satisfied (by providing the promised goods or services to a payor).

Revenue from transactions with no performance obligations is recognized when the district:

- (a) has the authority to claim or retain an inflow of economic resources; and
- (b) identifies a past transaction or event that gives rise to an asset.

Investment income is reported in the period earned. When required by the funding party or related Act, investment income earned on deferred revenue or deferred capital revenue is added to the deferred revenue balance.

m) Expenditures

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

Categories of Salaries

- Principals, Vice-Principals, and Directors of Instruction employed under an administrative officer contract are categorized as Principals and Vice-Principals.
- Superintendents, Assistant Superintendents, Secretary-Treasurers, Trustees and other employees excluded from union contracts are categorized as Other Professionals.

Allocation of Costs

- Operating expenses are reported by function, program, and object. Whenever possible, expenditures are determined by actual identification. Additional costs pertaining to specific instructional programs, such as Indigenous education and special education, are allocated to these programs. All other costs are allocated to related programs.
- Salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. Principals and Vice-Principals salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

**SCHOOL DISTRICT NO. 52 (PRINCE RUPERT)**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED JUNE 30, 2025**

---

n) Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights to receive or obligations to deliver economic benefits. Financial assets and financial liabilities portray these rights and obligations in the financial statements. The School District recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities, and other liabilities.

Portfolio investments in equity instruments quoted in an active market are recorded at fair value. All other financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of these investments upon initial recognition and amortized using the effective interest rate method. Transaction costs are incremental costs directly attributable to the acquisition of a financial asset or the issue of a financial liability.

Unrealized gains and losses from changes in the fair value of financial instruments are recognized in the statement of remeasurement gains and losses. Upon settlement, the cumulative gain or loss is reclassified from the statement of remeasurement gains and losses and recognized in the statement of operations. Interest and dividends attributable to financial instruments are reported in the statement of operations. There are no remeasurement gains or losses during the periods presented; therefore, no statement of remeasurement gains or losses is included in these financial statements.

All financial assets except derivatives are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the statement of operations. A write-down of a portfolio investment to reflect a loss in value is not reversed for a subsequent increase in value.

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense.

o) Measurement Uncertainty

The preparation of financial statements in accordance with the basis of accounting described in Note 2(a) requires management to make estimates and assumptions that impact reported amounts of assets and liabilities at the date of the financial statements, and revenues and expenses during the reporting periods. Significant areas requiring the use of management estimates relate to the potential impairment of assets, rates for amortization and estimated employee future benefits. Actual results could differ from those estimates.

Net Land and Buildings	258,741	98,053	61,047
Less			
Net Deferred Capital Revenue	-	-	45,005
Net Book Value	\$ 258,741	\$ 98,053	\$ 16,042

**NOTE 11 EMPLOYEE PENSION PLANS**

The School District and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan (jointly trusted pension plans). The boards of trustees for these plans, representing plan members and employers, are responsible for administering the pension plans, including investing assets and administering benefits. The plans are multi-employer defined benefit pension plans. Basic pension benefits are based on a formula. As at December 31, 2024, the Teachers' Pension Plan has about 51,000 active members and approximately 42,000 retired members. As of December 31, 2024, the Municipal Pension Plan has about 256,000 active members, including approximately 31,000 from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plans. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plans. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent actuarial valuation of the Teachers' Pension Plan as at December 31, 2023, indicated a \$4,572 million surplus for basic pension benefits on a going concern basis.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2021, indicated a \$3,761 million funding surplus for basic pension benefits on a going concern basis.

The school district paid \$2,499,199 for employer contributions to the plans for the year ended June 30, 2025 (2024: \$2,485,455).

**SCHOOL DISTRICT NO. 52 (PRINCE RUPERT)**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED JUNE 30, 2025**

---

**NOTE 11      EMPLOYEE PENSION PLANS** *(Continued)*

The next valuation for the Teachers' Pension Plan will be as at December 31, 2026. The next valuation for the Municipal Pension Plan was December 31, 2024.

Employers participating in the plans record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plans record accrued liabilities and accrued assets for each plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plans.

**NOTE 12      INTERFUND TRANSFERS**

For the year ended June 30, 2025, a total of \$168,059 was transferred from the operating fund to capital funds for the purchase of vehicles. There were no funds transferred from the special purpose funds to the capital fund for capital purchases.

For the year ended June 30, 2024, there were no funds transferred from the operating fund nor from the special purpose funds to the capital fund for capital purchases.

**NOTE 13      RELATED PARTY TRANSACTIONS**

The School District is related through common ownership to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities, and crown corporations. Transactions with these entities, unless disclosed separately, are considered to be in the normal course of operations and are recorded at the exchange amount.

**NOTE 14      CONTRACTUAL OBLIGATIONS**

The School District has entered into two contracts for the lease of educational space. These contractual obligations will become liabilities in the future when the terms of the contracts are met. Disclosure relates to the unperformed portion of the contracts.

One building lease has a term that expires on August 31, 2032. Rates are renewed in five year intervals, with the next rate renewal effective September 1, 2027. The amount of lease payments from September 1, 2027 to August 31, 2032 is assumed to be equal to the current lease rate.

The other building lease has a term that expires on July 15, 2026.

Contractual Obligations	2025-26	2026-27	2027-28	2028-29	2029-30	Thereafter
Building Leases	\$ 112,806	\$ 37,928	\$ 35,000	\$ 35,000	\$ 35,000	\$ 70,000

**SCHOOL DISTRICT NO. 52 (PRINCE RUPERT)**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED JUNE 30, 2025**

**NOTE 15      CONTINGENT LIABILITIES**

Management is of the opinion that the School District has valid defenses and appropriate insurance coverage in place for claims at June 30, 2025 or, if there is unfunded risk, such claims are not expected to have a material effect on the School District's financial position. Outstanding contingencies are reviewed on an ongoing basis and are provided for based on management's best estimate of the ultimate settlement.

**NOTE 16      BUDGET FIGURES**

The annual budget for the School District for the year ended June 30, 2025 was approved by the Board on June 17, 2024. In accordance with Ministry policy, an amended annual budget for the School District was approved by the Board on March 11, 2025. The amended annual budget reflects funding based on actual enrolment on September 30, 2024 and is considered by the Board to more accurately reflect the expected results for the year. These financial statements show the amended annual budget.

The annual budget and the amended annual budget are compared below:

	2024-25 Amended	2024-25 Preliminary	Change
<b>Revenues</b>			
Provincial Grants			
Ministry of Education	\$ 32,375,413	\$ 31,974,378	\$ 401,035

**NOTE 19      ECONOMIC DEPENDENCE**

The operations of the School District are dependent on continued funding from the Ministry of Education and Child Care and various governmental agencies to carry out its programs. These financial statements have been prepared on a going concern basis.

**SCHOOL DISTRICT NO. 52 (PRINCE RUPERT)**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED JUNE 30, 2025**

---

**NOTE 20      RISK MANAGEMENT**

The School District has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk. The Board ensures that the School District has identified its risks and ensures that management monitors and controls or mitigates them.

a) Credit risk:

Credit risk is the risk of financial loss to an institution if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held consisting of cash, amounts receivable and investments.

The School District is exposed to credit risk in the event of non-performance by a debtor. This risk is mitigated as most amounts receivable are due from the Province and are collectible.

It is management's opinion that the School District is not exposed to significant credit risk associated with its cash deposits and investments as they are placed in recognized British Columbia institutions or held by the Ministry of Finance.

b) Market risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk and interest rate risk.

- Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the foreign exchange rates. It is management's opinion that the School District is not exposed to significant currency risk, as amounts held and purchases made in foreign currency are insignificant.
- Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. The School District is not exposed to significant interest rate risk as it does not hold portfolio investments.

c) Liquidity risk:

Liquidity risk is the risk that the School District will not be able to meet its financial obligations as they become due.

The School District manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the School District's reputation.

Risk management and insurance services for all School Districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance. There have been no changes to risk exposure from 2024 related to credit, market or liquidity risks.

**SCHOOL DISTRICT NO. 52 (PRINCE RUPERT)**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEAR ENDED JUNE 30, 2025**

---

**NOTE 21     ASSET RETIREMENT OBLIGATION**

Legal liabilities exist for the removal and disposal of asbestos and other environmentally hazardous materials within some district owned buildings that will undergo major renovations or demolition in the future. A reasonable estimate of the fair value of the obligation was recognized using the modified retroactive approach as at July 1, 2022. The obligation was measured at current cost as the timing of future cash flows cannot be reasonably determined. These costs have been capitalized as part of the assets' carrying value and are amortized over the assets' estimated useful lives.

Asset Retirement Obligation, July 1, 2024	\$     5,025,000
Settlements during the year	<u>                  -</u>
Asset Retirement Obligation, closing balance	<u>\$     5,025,000</u>
